## Chapter 1 by Story Wars

After wandering aimlessly around the big shopping mall, Aimee waltzed into the shop with her backpack in her arms and her headphones over her ears. She was listening to her own music and wasn't paying much attention to what was going on around her. Everyone else in the shop minded their own business, however. They continued on with their day like it was nothing strange and rather a normal sighting in the store. Aimee hummed to herself and continued to spin and slide around the store until she finally bumped into something or someone (*it was hard to tell because Aimee was just that into the song*) and she toppled backward, her backpack flying in the air.
